Recovery Centre Alumni

# Bruce Oake is a place for recovery, healing, and a foundation for life...

The Bruce Oake Recovery Centre is a non-profit residential treatment program in the city of Winnipeg. We offer long term live-in and community-based services to individuals seeking recovery from substance use disorder.

If you or someone you are concerned about is struggling with addiction or a substance use issue, we are here to help. We know it may not feel like it right now, but trust us - change can start right here. The Bruce Oake Recovery Centre helps individuals and families recover from addiction, find the courage to change, and learn to use the tools they need to live happy and productive lives in recovery.

The Centre is a purpose-built, long-term residential treatment centre serving those seeking support for problematic substance use. The residential treatment program model, which has been adopted from Fresh Start in Calgary, has been proven to achieve sector leading outcomes with participants being four times as likely to reach their recovery goals versus the industry average. The centre has 50 much needed beds in the province of Manitoba for residential addiction treatment. The beds at the centre add an important capacity to alleviate pressures on existing residential treatment services in Manitoba and allows partnership organizations the opportunity to focus on other levels of service.
